

## INVITATION

As agreed by the Meeting of Latin American Antarctic Historians (EHAL for the initials in Spanish), it is time to organize the XVII EHAL in Montevideo, Uruguay, on September 28-29th, 2017, so we are pleased to transmit the invitation to participate.

In addition to the Historians Meeting, a forum on Antarctic Education will be organized, where topics of Humanities and Social Sciences, including the presentation of books, exhibitions of documentaries and works of art, are welcomed.

Unfortunately, it has not been possible to get financial support for accommodation and other, as in previous meetings, so participants must cover their own expenses.

Please confirm your participation, indicating whether you will present oral presentations, papers, books or any other forms of expression, submitting an Abstract of your proposal and a short resume, describing your academic profile and your relationship to the Antarctic, **before August, 31st 2017**, to the email [info@antarkos.org.uy](mailto:info@antarkos.org.uy)

Looking forward your participation, waiting for you in Montevideo...

Waldemar Fontes  
XVII EHAL Coordinator  
Montevideo, 2017
